Awesome. I am going to schedule a debrief for the team, similar to what we did for Unimatic. Does Monday sound good?

Shereen,

What an efficient and organized public meeting!! The logistics and manner in which you ran the meeting was super 😊

I imagine it's been a challenge to change all public interface to a virtual setting but last night was so professionally run, one would think you have always done the meetings this way 😊 Very impressive and each to listen in and provide input.

No worries at all! I will send you a follow-up email in just a minute with all the information you need.

Thanks and talk soon!

Shereen

Hi Shereen 😊

I'll be on the phone tonight for public meeting; figure the 315.565.0492, code ID 304001388# is still good number.

I could not register on the Eventbrite website; the formatting was very odd and perhaps it was my internet browser but I could not figure out how to register. If you have a website link, I'd sure appreciate (though I do have the presentation and can probably follow along) ☺

**Importance:** High

Good afternoon.

For those of you who don't know me, my name is Shereen Kandil and I'm the Community Affairs Team Leader for the U.S. Environmental Protection Agency Region 2 (NY, NJ, PR, VI). I also serve in a dual role as a Community Involvement Coordinator for many Superfund sites, including the Riverside Industrial Park Superfund site.

I wanted to introduce myself to you and share the attached promotional flyer for the upcoming virtual public meeting for Riverside Industrial Park. Today, EPA issued a Proposed Plan identifying its preferred cleanup alternatives for addressing contamination at the Riverside Industrial Park Superfund site. EPA's proposal addresses contaminated soil, groundwater, and vapor intrusion as well as waste removal and cleaning out an inactive sewer to prevent an uncontrolled release of contaminants to the environment.

A 30-day public comment period on the Proposed Plan begins today, Wednesday, July 22, 2020 and ends on Friday, August 21, 2020. As part of the public comment period, EPA will hold a virtual public meeting on the Proposed Plan on **August 5, 2020 at 7:00-9:00 p.m.** To participate in the meeting, please see the attached flyer and visit our website for more information: [BlockedBlockedwww.epa.gov/superfund/riverside-industrial](https://www.epa.gov/superfund/riverside-industrial).

Please contact me with any questions.

Thank you and looking forward to your participation.

In health,  
Shereen
